The area around the Santa Sevea Airfield, the Fly-In heart, includes locations like Civitavecchia, Tarquinia, with its ancient Etruscan remnants, not to mention the city of Rome, where western civilization and culture took place more than 2.700 years ago.

All Rotarians involved with, and fond of flying, families and friends, are cordially invited to participate to the Fly-In.

The Program hereby proposed will keep you busy for all the two and half Fly-In days, both locally and in central Italy, with a comprehensive bus service, to make life simple.
